THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Norway residents recommend Doan's Kidney Pills. Read this Norway man's statement.

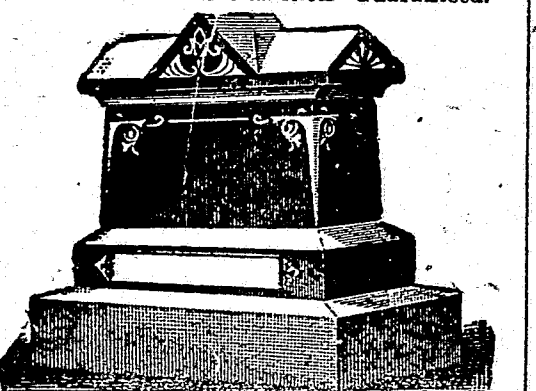

George F. McAllister, ret. farmer, 11 Brown St., says: "I was in awful bad shape with my kidneys some years ago. I couldn't lay in bed with any comfort owing to the steady pain across my back. I was hoeing at the time and I can tell you I was handicapped not being able to get about to do my work. My kidneys did not act regularly and in other ways showed signs of disorder. I picked up a paper and the Doan's Kidney Pills testimony given led me to Noyes' Drug Store and get a box of Doan's Kidney Pills. After using them I was all right, and went back to work feeling as well as ever. I am only too pleased to tell of the merit of Doan's Kidney Pills and recommend them always."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAllister had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

weak nerve

When digestion is good and the body is strong, the nerves flourish. The nerves seldom give trouble. But if the stomach, liver, kidneys or bowels become deranged, the nerves are sure to be affected. You know the symptoms—depression, irritability, loss of sleep, poor circulation, headache, and a hundred other forms of "nervousness." Constipation frequently exists and then there is real danger. LOVELL

Arthur Witham while cutting wood felled an oak tree and a limb fell and hit him in the face, breaking his nose and bruising his face badly. The doctor dressed it and he is getting along well.

Hoise Ran Away
Mr. and Mrs. E. S. Hatch went to North Lovell, and when they were returning one of the tugs broke. The horse ran clearing himself from the sleigh, and went as far as G. A. Kimball's at the Center. Mr. Hatch leaving his better-half sitting in the sleigh, went in pursuit of the horse, got a harness, hitched up and returned to Lovell. C. K. Chapman got a job the next day to repair the harness.

MRS. ALEXANDER BRADLEY'S FIVE YEAR OLD DAUGHTER VERY ILL

Here is a little bit of true life put into a letter by a mother of three children. It seems that since birth these children have been sickly. "But," says Mrs. Alexander Bradley of Danbury, Connecticut, "after 14 long years trying different remedies I have at last found a good medicine—Dr. True's Elixir. My daughter, five years old, has had so much trouble with worms and constipation.

casual pains about the navel, pale face of leaden tint, eyes heavy and dull, whitening eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, red points on the tongue, starting during sleep, slow fever.

A great deal of sickness comes from

"I was nearly discouraged. I was giving the oldest girl something nearly every night, but now I keep a bottle of Dr. True's Elixir handy, and only give it occasionally. I give two teaspoons at night and two teaspoons in the morning with good results. I have tried so many things that now as soon as I see signs of worms I give Dr. True's Elixir for quick relief.

"My son, 14 years of age, was always troubled with worms when small and 'Dr. True's' was unknown to me then. I always have it on hand now, as I have another small child. They even ask for more. Now please print this letter so other anxious mothers may know the good results which follow Dr. True's Elixir for children suffering with worms and constipation, as I cannot recommend it too highly."

In these quick, active days we sometimes neglect our health. Often we eat too fast and do not allow proper time for digestion. Consequently we suffer from restless sleep and are distressed all day with troublesome headaches, nausea and general out-of-sorts feeling.

At the first signs of stomach or bowels trouble, give Dr. True's Elixir—for it is the right kind—pleasant to take, with no gripping or distressing after-effects. Nearly every grown-up and every child needs a laxative. In Dr. True's Elixir only pure herbs are used. No harmful drugs. Keep the bowels regular by using Dr. True's Elixir.

THE UNIVERSAL CAR

"THE FORD COUPE"

Here is one of the most useful of all closed cars. Specifically so when not more than two or three are to be accommodated with reliable car service. The Ford Coupe is a mighty cozy car, in that it is absolutely water-tight, at the same time with its sliding plate glass windows you can have an open car, to all intents and purposes, in a couple of minutes. So it doesn't make any difference what the weather may be, rain or shine, summer or winter, in the Ford Coupe you have an enclosed car of comfort and service. What more do you want?

It has proven particularly a valuable car for travelling salesmen, physicians, engineers, architects, and others who have much out-of-door work all the year around. We have never been able to fully meet all demands for the Ford Coupe, but with the increased producing capacities of the factory we are now able to make reasonably prompt deliveries. Yet we urge you to leave your order with as little delay as possible—our allotment is limited.

PRACTICAL AGRICULTURE
A VALUABLE COURSE

Now Available at Norway High School

The Agricultural course at Norway High School is proving a success under the directorship of Edward H. Brown. Enthusiasm is not lacking, and the thirteen boys who signed for the course in September have been introduced to the varieties of soils and proper fertilizers to use in order to produce bumper crops. Among the twenty-two institutes of learning in Maine supporting this course of study, Norway probably can boast of the best quarters and equipment. Two large well-lighted rooms in the gymnasium basement are used. Both have cement floors with the walls and ceilings sheathed with hard pine.

The recitation room has several long tables used when drawing, microscopic investigations and general analysis work are in order. A cabinet holds the samples of seeds for demonstration; the chemical soil tester, microscope, the Babcock milk tester and a miscellaneous collection of practical appliances. A complete set of saws, pruners and hand sprayers are ready to demonstrate practical orcharding or horticulture. The library contains some eighty volumes covering all departments of farm study. This list is constantly increasing as new subjects are brought out. A valuable aid to study is the reference table where at least a hundred and fifty bulletins from the U. S. Department of Agriculture and the University of Maine are contained. A filing system is to be used later and the pamphlets will be indexed and put in shape for easy access. Instructor Brown is enthusiastic over the spray chart recently received from the Soil Improvement Committee at Chicago. Valuable lessons in soil chemistry, the philosophy of absorption and capillary attraction, all in their relation to plant growth are given with pictures and easy diagrams. The sink with running water is one of the conveniences in one end of this room.

The second room known as the farm shop contains the pipeless heater which warms both departments. A work bench fitted with a complete carpenter's kit is designed to teach every boy to become his own handy man. Instruction in making seedling bed frames and a thousand and one articles used directly in agriculture will be given. Would you believe it, the boys with tips from their instructor are to make real live chickens this winter. An incubator stands in a sheltered corner and the machine will soon be loaded with pure blood stock. No smoke used. No supply of a chance to hatch their families as Mr. Brown believes only in catering to the best. If the plans do not fail, day old chicks will be on exhibition in a sunny window there early in March. The class will be given lectures on the poultry industry from a business standpoint while the artificial hen is setting. Talks on the mysterious and wonderful processes going on within the shell will continue until the live chicks pip into a new world. Poultry feeding will be made an appropriate subject thereafter.

All this and more is to transpire provided the incubator behaves, and if this, that and the other works or does not work. Leave it to the boys and their instructor for a successful finish. After the pupils advance in the course the Babcock test is to play an important role. Any farmer in town can bring a sample of milk, the class will get a line on his herd and show up defects if any. Mr. Brown has a standing offer to assist any Norway farmer with advice or tests relative to proper feeding and the milk cream supply. "Weed out the drones," in Mr. Brown's advice, and "the Babcock test is a sure detective." The boys are going after testing soil during the summer, here again the farmer can profit without cost, as the instructor is on the job every day in the year and can be called when advice is needed in soil culture. Once more the farmer can profit through the experience of this class, poor seed can be detected in the laboratory and the planter saved hard labor and dollars. Instructor Brown is ready to solve this problem and render any service possible through this Agricultural Department.

While the students are learning scientific farming under methods employed at the University of Maine, and the Norway agriculturist can employ expert advice, no great burden of costs are laid upon the community. The state requires the town to furnish and equip a suitable room where the stated curriculum can be worked out under supervised teaching. For every dollar Norway pays for salary the State and the Federal fund furnish two dollars. Lawrence M. Carroll of the Carroll, Jellerson Shoe Co., stood behind the finishing and equipping the Agricultural rooms. He has settled the bill amounting to \$2,001.00 as his personal contribution to the school and town.

The State requires the student to give one-half his school time to vocational agriculture and at least fifty per cent of this to supervised work. Practical experiments can be made at home after hours or during vacations. Mr. Brown has a wide awake club with meetings, after school or on an evening every other week. He lectures on some practical farm or health topic and a basketball game follows. Societies are held occasionally. The boys are visited in their homes and the parents have become his friends. Not for a moment does the instructor lose sight of his opportunities to become a chum as well as a teacher. This is one reason for the excellent work accomplished in the classroom, and for a bunch of boys with sharp eyes open to the general observation.

The Agricultural Education with vocational work was made possible when President Wilson approved the Smith-Hughes Act on Feb. 23, 1917. This act provides for co-operation between the Federal Government and the several states in the promotion of vocational education in agriculture, home economics and trades. An annual appropriation is assured only public institutions. Federal funds are public funds and as such must be controlled by the public. The Federal board deals with the States based only in terms of standards and policies and not in terms of particular institutions or individuals. States to realize appropriations must submit plans of work contemplated and show an ability to put it across.

Students over fourteen years are admitted, preferably those preparing to enter upon the work of the farm or of the home. The instructors must qualify according to Federal standards, and possess ability to impart knowledge in the classroom and in the field. Tact is another quality necessary as the student, parents and teachers are in close relationship, for the project work is largely individual with the full co-operation of home influences.

The work in Norway High School is a four years' course. Students in the freshman and sophomore years take their agricultural work in the rooms during the four morning periods. In the afternoon English, Algebra, American history and Civics are heard in regular classes in the high school. Juniors and seniors have their high school classes in the forenoon and the afternoon is spent under the instruction of Mr. Brown. The following studies are taken: Soils and fertilizers, Farm crops, Animal husbandry, Dairying, Poultry, Vegetable gardening, Fruit growing, Farm management, and Agricultural engineering. Many related subjects are discussed through lectures and demonstration as time permits.

Supervised work is given during the summer. Each student must maintain a certain amount of land under cultivation, as promised by the parent when application for the course is made. The crops depend upon the "project" or aim of the individual, and the instructor is in personal touch with the student farmer. He visits the gardens; advises or explains as the case may be and practically conducts classes in the field during the summer vacation. Under this system of supervision the school work never lags after the doors close. Vacation cannot rust the mental faculties for the student returns to classes in the fall, keen and enthusiastic, for the summer spent in the open air. His association with crops growing under his personal care and study, has made him a closer student to the wonders of creative mind and opened his mental eyes to causes and effects usually passed unnoticed. The "haphazard" and "don't care" in farming is being changed to scientific research and sound business principles.

This department is not only instructing the student but is in a position to help the farmers of Norway. Mr. Brown believes in serving the community. If real good is to come from the local department, its influence must not only be felt in the classroom but the farm and homes received the help and inspiration. He is ready to help in the following ways:

Test seed for purity and per cent of germination.
Treat your potato and grain seed for scab, smut, etc.
Classify the bad weeds on your farm and help to eradicate them.
Lend you bulletins and other materials on all farm subjects.
Suggest methods of improving the layout of your fields and figure the acreage of your fields.
Figure balanced rations for your stock and hens.
Furnish formulas for all kinds of spray mixtures, and help you prepare them for the latest time.
Advise you how to control insects and fungous diseases.
Suggest methods for keeping a simple system of accounts.
Help you to obtain drawings and designs for new buildings.
Test your soil for acidity to determine whether it needs lime or not.
Help you in any other way in which he may be able.

Edward H. Brown is a native of Bethel. After graduating from Gould Academy in 1914 he worked on the farm of Prof. William R. Chapman and for two years was farm overseer. War broke out after he had made good progress at the University of Maine so agriculture was put on one side for military duty. Two years in the College military company advanced him to Second Lieutenant and he was sent to an officers training course at Camp Lee, Virginia. The armistice brought to an end intensive instruction of twelve weeks. Returning to the University he graduated in 1920 with a B. S. degree, his major subject being "Agricultural Education." Mr. Brown won his numerals as a cross country runner and made good in athletics so far as his time permitted. He is a member of Phi Chapter of Kappa Sigma, and the Alpha Zeta Honorary Agricultural Fraternity, and was president of the Y. M. C. A. during his senior year. Mr. Brown worked his way through school since the age of 12 unaided and graduated free from debt. Farming summers and testing herds all over the State for the Department of Agriculture put the ambitious young man through.

Golden Eagle Ball Closed Old Year

The second annual ball under the auspices of Knights of the Golden Eagle at Norway Opera House, Friday evening, was a success. Nearly one hundred and twenty-five dancers were on the floor during the evening. No decorations were attempted. The order of dances including fourteen numbers with extras, was displayed on a large sign at one side of the stage.

Several contras were introduced and made to go as the older dancers responded at the quick at the call. Naturally the younger people fell into the habit and all had a glorious time in Boston Fanny, Portland Fanny and Lady of the Lake. Other numbers included numerous one steps, fox trots and waltzes. Anderson's Jazz Orchestra, six pieces, furnished snappy music; the players being Shirley Miliken and Harold Moore, violins; Lavorgna, the banjo artist; "Pink" Conant, saxophone; Geo. Soper, drums; Harold Anderson, piano. Floor manager was Eugene A. Desco, team. Aids, Alton Curtis, J. Edmond Everett, George L. Curtis, Alton E. Luck, George E. Emerson, and Everett L. McKay. Honorary Aids, Alexander Skellan, Windsor Castle; Thomas C. Bean, Forest City Castle; Portland; J. W. Larabee, Lincoln Castle, Bath.

Dr. Chas. I. Fogg and his wife have gone to South Paris to spend the winter with his son, Bert Fogg, who lives in the Charles Brett house. Mrs. Fogg has been ill the past few weeks and unable to do her housework, so the change was made for her comfort during cold weather.

Morris Klain has a crew cleaning up the hard wood growth on the French lot in Oxford where Chadbourne & Clifford are operating. Some of the wood is being sold in the village, but the bulk will be worked into stove wood for summer delivery. He has until April to clear the lot.

Mr. and Mrs. Philip J. Smith started for Pomona, Calif., Sunday evening, where they will remain for a few days. Mr. and Mrs. Geo. L. Smith, formerly of Bethel, located there several years ago and will start the young people right upon their arrival. They expect to spend a week or more on the road with brief stops in Montreal, Chicago, Omaha and Salt Lake City.

EAST OXFORD

Humphrey-Greely

A quiet wedding took place, Friday evening, Dec. 24, when Burnett Humphrey of Newport and Ida Mae Greely of Auburn were united in marriage by the pastor, Rev. Roderick J. Mooney of the Elm street Universalist church in Auburn.

Mr. Humphrey is the son of Mr. and Mrs. Richard Humphrey of Newport. The bride was formerly a South Paris girl, graduating from the high school in the class of 1917. They will reside in Newport.

Although the marriage comes as a surprise to most of their friends, as the young couple have already received many beautiful gifts of cut glass, linen and silver.

Bessie Greely is visiting her sister, Mrs. Burnett Humphrey, in Auburn.

DIXFIELD

Smith-Virgin

The following marriage, which occurred at the parsonage at 8 o'clock Christmas morning, will be of interest to the many friends of the bride and groom, Carl S. Smith, son of Mr. and Mrs. Bert Smith of West Peru, and daughter of Mr. and Mrs. E. H. Virgin of Dixfield. Rev. R. E. Gilkey was the officiating clergyman.

The couple were attended by Edith Gilkey as bridesmaid and Harold Statton Rose, close friends of the couple, and Mrs. Smith. They were on the morning train for parts unknown to their friends.

DANIEL WEBSTER HIGHWAY

The Legislature will be asked to further the memory of Daniel Webster by naming one of the main boulevards in the state the "Daniel Webster Highway," and it is likely that the highway to be so designated will be what to tourists is known as the "middle road" as it was within a few miles of this highway that the great statesman was born.

The Pleasant Pond Sunday School convention will be held at the Union Church, Raymond village, Saturday, Jan. 8, with the following program:

10:00 Praise service. Alfred Hall

10:45 Talk. Mrs. Alice Foster

11:00 Music. Mrs. Alice Foster

11:15 Address. Safety First. Rev. H. Gilpatrick

11:30 Address. Mrs. Bertha Smith

12:00 M. Basket lunch. P. M.

1:15 Praise service. Mrs. Grace Gray

1:30 Business, report of schools. Mrs. Gray

2:00 Music. Rev. J. E. Aikens

2:10 Collection. Rev. J. E. Aikens

2:40 Address. Rev. F. B. Lyman

We know a man who dyes his moustache and then goes out and indignates about the way women paint their faces.

HEBRON

Hilton-Glover

A quiet home wedding took place, Friday afternoon, Dec. 24, when Frank Arthur Hilton of Portland and Frances Glover of this town were married at the home of the bride's parents, Mr. and Mrs. H. T. Glover. Rev. A. E. Kingsley, pastor of the Baptist church, performed the ceremony and the double ring service was used. The wedding march was played by Miss Dukeshire, a friend of the bride.

Mrs. A. E. Montgomery of Montreal, Que., sister of the bride, was matron of honor and Percy Ridlon of Gorham was best man. The bride was attired in a handsome gown of white georgette and wore a veil caught with a wreath of orange blossoms and carried a shower bouquet of rose roses.

The matron of honor wore white georgette and carried a bouquet of daybreak lilies. The bride's traveling suit was brown with a brown wrap and hat to match.

The house was very prettily decorated, Christmas greens being used in abundance. Miss Hylan had charge of the decorations.

The groom's gift to the bride was a gold wrist watch.

Immediately following the ceremony a reception was held. In the receiving line were the bride and groom, the best man and matron of honor, Mr. and Mrs. H. T. Glover, parents of the bride and Mr. and Mrs. F. A. Hilton, parents of the groom.

Alice Melcher and Elizabeth Cushman, cousins of the bride, assisted in the serving. When the bride threw her bouquet the ring fell to Dorothy Cantello, the daughter of Mr. and Mrs. Cantello, the button to Elsie Conant and the coin to the matron of honor.

Mr. and Mrs. Hilton received many beautiful presents including cut glass, silver, linen, china, gold coins and \$100 check. The young couple left amid a shower of rice and cornetti for a wedding trip to Hartford, Conn.

BETHEL

Mrs. Lois Thurston spent Christmas in Portland with her daughter, Mrs. Nathan Akers and family.

Frances and Florence Carter of Portland were home for the Christmas vacation, with their mother, Mrs. Ella Carter, on Church street.

Marion Mansfield is spending her vacation from teaching at Groveton, N. H. Muriel Park from Smith College, Ernestine Philbrook, Kathryn Hanscom Tyler from Bowdoin University, Robert Hanscom from Bowdoin, Eugene Van Dur Kirchaven, U. of M. Lawrence Kimball, Bates, and Malcolm Bean from Boston Law school complete the list of students who were home for vacation.

Mrs. Abbie Carver's 77th birthday, which occurred on Dec. 21, was observed by relatives and friends with gifts and many cards of congratulation. A poem was written and read by a neighbor. The service was served by her daughter, Mrs. Ella Mansfield, and the latter's daughter, Marion Mansfield.

It is seldom that one Sunday school class consists of two sets of twins, but in the Universalist Sunday school are Dorothy and Doris Goodnow and Muriel and Marion Brink.

Marion Frost of Castine has been at home for a brief vacation.

Alice and Ruth Brown spent their vacation with their parents, Mr. and Mrs. Harry Brown.

Cleo Swett and friend have been guests of her mother, Mrs. Bertha Swett. Mary Chapman has closed her house and gone to Portland for the remainder of the winter.

Sunday evening, Dec. 26, at the Methodist church was presented by the choir the cantata, "The Messiah's Coming," given under the direction of Howard Tyler, a program of ten numbers which was enjoyed by a large audience.

Mrs. Chas. Davis is visiting her daughter, Mrs. Wormell, and family at Portland.

Ray Parker, who is attending Wentworth Institute, Boston, spent the Christmas recess in town.

A TRUE STORY

One of our good customers wanted a good, big storm blanket.

Somebody told him he couldn't get such a one in this town, so he sent to the city and got what he wanted and the price was ten dollars.

Next day he was in our place and saw the same thing and the price tag on it was marked \$5.00.

We have a good many nice blankets of all kinds,

Street Blankets,

Storm Blankets

Stable Blankets

For some reason or other, they are marked way below present costs.

The moral of this story is so plain that we need not buy space to print it.

Mrs. Fannie Andrews and daughter visited her sister Ada Hill, Sunday afternoon.

Stillman McAllister has finished work for W. H. Brown.

New Year's Ball

The New Year's Ball given by Rex Martin and Marjorie Mathers, Friday night, was a great success. Stearns' Orchestra furnished the music. Kate Saunders helped the round dances by singing. The march was led by Rex Martin and Marjorie Mathers with a large number of couples following. The ice cream which was served at intermission was soon sold out.

On the Boston Bay after intermission four boxes of chocolates were given away. These were won by Florence Card of North Waterford, Ruth Stearns, Inez McAllister and George McAllister. The "chocolate dance" is a very popular dance and is enjoyed both by the dancers and spectators.

At twelve o'clock everyone tried to be first to wish their friends a "Happy New Year." The dance then broke up with everyone declaring it the best time for the season.

There is more Catarrh in this section of the country than at other diseases put together and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally, and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

RESOLUTIONS OF RESPECT

Whereas: Again so soon we are visited by Death's Angel and Freyreburg Grange No. 297 P. O. H. had in her fraternal chain another broken link;

Resolved: That in the death of Brother J. Edwin Peay which came suddenly and unexpectedly to us all we are again reminded now and in times past of the uncertainty of life and how brief may be the stay of any in our midst.

Resolved: That as this life went out we as an order lost a worthy member, one whose daily duties were the exemplification of our teachings and the town lost one of its most prosperous farmers. Under his efforts nature poured forth abundant harvests and he enjoyed fully his agricultural life.

Resolved: That to his wife and children we extend our tender sympathy and trust that God in time will soften their sorrow and dry their tears.

Resolved: That in respect for our brother we drap our charter and set apart a page in our records in his memory, whereupon these Resolutions shall be copied; also that copies be sent to the family and to the Norway Advertiser for publication.

Daughters of the American Revolution

Abigail Whitman Chapter, D. A. R., held their January meeting, Wednesday evening with Mrs. Laura A. Sanborn. One of the features of the evening was that refreshments were served on dishes that formerly belonged to Real Daughters and several chairs and other articles in household use of that same period were used and talked over. "Before the war" there was much talk among the members of erecting a memorial museum in Norway for Revolutionary and local historic relics and other patriotic uses. There is a large number of these articles in private homes in this section that should be preserved.

This Chapter is not large, only about forty members and this is a big undertaking, but the small number now enrolled for Norway was a limit of its strength, for Norway was settled by soldiers from the Revolutionary war and their descendants are in practically all the old Norway families.

The Daughters are not only of the largest patriotic society organization in the United States, but it means Americanism. It is so strong that it bequeaths the heritage of America on the descendants of every member. So strong that if the Government erects a marker over the dust of a sleeping Revolutionary Soldier it means that the descendants of that soldier are eligible to membership in this greatest of all American organizations, the D. A. R.

The February meeting will be with Mrs. Edith Bartlett on the second day of the month: Roll call, "Sayings of Lincoln"; Program, letters from absent members. There will be election of new members. The Continental Congress at Gates to the Continental Congress at Washington, D. C., and to the Maine State Council.

This chapter has sent the money for the support for another year of their war orphan in France.

What This Christmas Has Proven:
That Norway and South Paris
are Trade Centers.

Almost every one said this will be a bad Christmas for Norway—Shoe Factories quiet—It looked reasonable.

WHAT WAS THE RESULT? These two villages have experienced a record breaker in almost all lines—Ours included.

PEOPLE CAME LONG DISTANCES to trade because they had been here before and knew they would find big assortments—reasonable prices—courteous treatment.

Now For 1921!
COME OFTEN—GET THE HABIT

We are proud of our two stores in Norway and South Paris, but we are not the whole thing. We congratulate ourselves that we have honorable competitors here.

WE ALL WANT TO SERVE YOU—WE CAN—BETTER THAN ELSEWHERE

FOR MEN'S AND BOYS' CLOTHING AND FURNISHINGS YOU WILL DO WELL TO VISIT US. WE DID NOT FOLLOW THE MARKET UP BUT WE ARE FOLLOWING THE LOWER PRICES DOWN. BIG REDUCTIONS. COME AND INVESTIGATE.

FOR eighteen years the preferred stock of the property that is now the Central Maine Power Company has paid dividends.

The fifty-seventh dividend was mailed to stockholders Jan. 1.

The record of the company on dividends and earnings through its long existence combined with its present strong financial position, is fair assurance of the future payment of dividends.

Such a security as Central Maine Power Co. 7 per cent. Preferred Stock appeals to conservative investors.

If you are one, why not place your order—direct or through any employee.

The price is \$107.50 a share—
the yield 6 1-2 per cent. net.

House Destroyed By Fire

The house on the Norway road occupied by Albert Brown and family was destroyed by fire early Sunday morning. Mr. Brown was awakened from sleep by the smell of smoke and on investigating found the shed adjoining the house ablaze.

The members of the family had to leave the building at once, not having time to save any of the furnishings. In attempting to save some of her possessions, Mrs. Brown was severely burned about the face and hand. The loss is estimated at about \$1,500, partially covered by insurance.

Albert Brown and wife whose home was burned Sunday morning, are stopping at J. H. Smith's on the Norway road. The buildings and contents were wholly destroyed. It is understood that there was some insurance.

The W. E. C. will have a public installation of officers on Tuesday evening at K. of P. Hall. Jennie L. Day of Gorham will be the installing officer. Each member has the privilege of inviting one friend. Refreshments will be served.

The members and attendants of the Methodist Church are very much pleased with the services of Rev. D. L. Joslin of Norway, who has been supplying the church for the past two years. There has been a large increase in attendance, both in church and Sunday school and all are hoping he will continue as pastor.

Donald Flayer of South Paris visited his sister, Mrs. Angie Delano, over Sunday.

F. A. Delano and wife attended the meeting of the mail carriers at South Paris on Saturday.

Mrs. Cora Green, who is stopping in Portland, spent the week-end with her parents, Mr. and Mrs. Alden Day.

Fore Street

Mrs. E. E. Twitchell, Melissa and Mrs. Flora Cummings attended the Androscoggin Valley Advent Christian Conference at Auburn Friday and Saturday.

The Fore Street School opened this week for the winter term of 10 weeks after a week's vacation. Albert Twitchell was the only scholar who completed the fourteen week term without losing a session.

F. A. Harwood of Norway Lake has been pressing hay in the Smith barn this week.

EAST OXFORD

Josephine Strother has returned to her school at Oxford after the Christmas vacation.

Irma Harris returned to Medford, Mass. Saturday.

George Babineau, J. H. Records, Edwin O. Sands, Frank E. Harris and Wm. E. Morse are cutting their ice on Whitney Pond.

Lillian A. McKeen has been sick the past few days.

EAST OTISFIELD

Schools in town began, this week, after the holidays' recess. There will be no school on Bell Hill. The scholars from that section will attend Rayville school.

Will Jilson dressed off a hog and a heifer for O. H. Stone one day, last week.

W. F. Smith, who has been afflicted with abscesses on his face for sometime, is much improved.

Masters Henry and Ernest Greenleaf of Auburn, who have been with their grandparents, the past two weeks, returned home, Sunday.

Business is rushing at the Dupont lumber mill under the supervision of A. Ward. About twenty men with teams are cutting and drawing the logs to the mill, where they are sawing about 30M per day. One pine, said to be the largest in town saved out 3970 feet of sound in town saved out 3970 feet of sound showed it to be that number of years old.

Rev. G. E. Kneeland, pastor of the Free Baptist church for several years past, tendered his resignation sometime ago. There will be no services at the church at present. Notice will be given when a pastor is procured.

Valma Edwards is at work for Mrs. Edith Butler.

Mr. and Mrs. Frank Keefe from Oxford were guests of their cousins, Mr. and Mrs. Fernald Keefe, Sunday.

Mr. and Mrs. Arthur W. Lowe from Portland spent part of their Christmas vacation at their home on Scribner Hill. They returned to Portland, Sunday.

BRIDGTON

Attempted Suicide

Frank Cross, aged about 40, attempted suicide Monday at his home in the Kansas district. He is now in a critical condition. The cause of his act is not known but is supposed to be general despondency. He has a wife and seven children, one two years of age, and the oldest a married daughter, Mrs. Audrey Haley.

The two oldest children are not at home. Mr. Cross was a mill worker, but since the mill shut down has had regular work as a carpenter at the new camp for girls now being built on the former Winslow place, a short distance from his home.

A few of the townspeople have got their feet in.

Thel Bennett and Harold Stone are hauling lumber from Bridgton to the camp in Sweden.

Del Holden is logging for Frank Stone.

Uncle William Saunders burned his hand badly on a lamp chimney.

Jay Bishop and wife (nee Dorothy Durgin) are stopping with her parents, Mr. and Mrs. Cyrus Durgin, in this town.

Mr. Bishop is working in the woods with Cyrus and Will Began cutting and hauling pulp for Mr. Hamilton of Lovell to Kezar River.

Mrs. Rupert Richardson of Fryeburg spent Christmas with her aunt, Mrs. E. S. Plummer. She and her husband are cooking in one of the DuPont Co.'s camps. Part of the time, they have 24 men to cook for.

Marcellus Durgin visited his cousin, Wendel Plummer, Saturday night and Sunday.

C. M. Dwinell was in town over Sunday looking after his business here.

Fannie and Lillian Merrill spent their Christmas vacation at home, this is their first visit home since they entered Gorman Normal School last September.

The school in this neighborhood reopened on January 4, under the continued instructions of the same teacher, Lucy Whittier of Gorman, where she has been spending the holidays with relatives.

The DuPont Co. has quite an amount of timber yarded on the George Bennett place and are expecting to have teams hauling this week to Kezar river for the travelling permits. This timber will go down river in the spring to their mill at Lovell Village.

The water has gone down at the Bibe mill so Mr. Flint has not been sawing of late.

Ernest Pie broke the road through the swamp with oxen for the DuPont Co. one day last week.

C. R. Kimball and A. H. Whitehouse were in this place one day last week.

Mrs. J. L. Riddon brings the school children from the Riddon district to this school when it is in session.

George H. Briggs

George H. Briggs of Lynn, Mass., aged 64, died suddenly, Friday evening, at his home. He went out of his home about 7:30, Friday evening, to do some holiday shopping and when he returned home complained of feeling ill. Death was due to heart failure, according to the physicians who attended him.

He was born in Sumner, July 17, 1855. He went to Massachusetts when a small boy and has resided in Lynn nearly all his life. He leaves his wife, Mrs. Annie P. Briggs. For many years he was a shoe cutter.

NORTH PARIS

George L. Howland

This little village was saddened on Christmas day by the sudden death of George L. Howland. He passed away very suddenly before a physician could get to him. He was in the store the night before as well as usual, talking and laughing with those in the store. He got up the next morning and built his fire and was taken with what seemed to be a severe headache and passed away in about three hours.

If he had lived until the fourth of January, he would have been 70 years old. He came here from Boston about nine years ago and settled on the farm he bought of Morse Pox on Summer road and lived here until two years ago next summer. He sold out of Pond Lake village to live. His wife's health has been very poorly for a great many years and he has tenderly cared for her all his life besides being a great sufferer for a number of years with neuralgia. Besides his wife, he leaves a daughter and two grandchildren, an aged brother in Cape Cod and other relatives.

The remains were put in the tomb and later will be taken to Cape Cod, his childhood home, and placed in the family lot. He was a devoted husband and father.

Beryl and Louise Silver spent Xmas with their uncle and family, Charles Childs.

Lillian Metcalf and daughter Gladys were called from Boston on account of the sudden death of their father and grandfather.

Farmers are getting in their ice. There has been a lot of ice skating and some fishing through the ice.

Mrs. Howland is stopping here with relatives at present.

EAST WOODSTOCK

Mrs. Anna Benson is working for Mr. Alden Chase at Bryans.

Alfred Thurlow has returned to South Lancaster, Mass.

Myrtle and Myra Wilson have gone back to their school at Cliff Island.

Charlie Silver cut his foot badly with an axe, which necessitated the removing of a piece of bone and two pieces of bone. Several stitches had to be taken.

Mr. and Mrs. Chester Beekler held their reception, Thursday evening. Quite a few guests were present and the evening was pleasantly spent with music and games. A treat of candy, peanuts and popcorn was enjoyed. They received a lot of pretty and useful presents.

Bethel was the first town in the state to raise its full quota for the European Children's Relief Fund. Its quota was \$600 and it has sent in \$621. The quota for Oxford County is \$5,843.
